# 100 YEARS

100 YEARS CENTENNIAL 1867-1967

As a contribution to the success of the Centennial program of the University of Illinois, the Medical Center Campus wishes to recognize the members of the staff listed in this directory. This is done with the hope that all who serve will feel that they have an integral part in the promising future of the University based upon a distinguished past.

Many special observances are planned on an all-University basis as well as individual campus events. The first day of the Centennial will be February 28, 1967, which signifies the signing, by Governor R. J. Oglesby, of legislation that founded the University one hundred years earlier. The last day of the Centennial celebration will be March 11, 1968, when major on-campus observances will mark the one hundredth anniversary of the Inauguration of the University in 1868. This day should mark a time of rededication for all of the University community toward the building of an even greater University based on its rich heritage.

Since the College of Pharmacy antedates the founding of the University, its Centennial celebration was held during the 1959-1960 academic year. It was the first of the health sciences to take advantage of the administrative relationships provided by a major institution and affiliated with the University in 1896. The College of Medicine became an integral part of the University in 1897 with the College of Dentistry joining its ranks in 1901. The first class in the College of Nursing was admitted to the baccalaureate program in 1954 and was graduated in 1957. The most recent addition to the health team at the Medical Center is the newly established, 1964, School of Associated Medical Sciences.

The University was established as the Illinois Industrial University on the basis of the Land Grant College Act signed by Abraham Lincoln on July 2, 1862. Its doors opened on March 2, 1868, since celebrated as Founder's Day, with three full time faculty members. Since that time, approximately 194,000 degrees have been conferred. The University now employs 12,750 full time faculty members, and has a physical plant valued at almost 400 million dollars.

Total enrollment for the year 1966-67 is over 45,000 students, many thousands of whom will be graduated as the Centennial class of the great University of Illinois.

# INSTRUCTIONS FOR TELEPHONE USERS

(Medical Center Campus and Illini Center)

Each University phone has been assigned a phone number which consists of three prefix digits followed by four digits. (Persons outside the University may call phones at the University by dialing the seven digits.) When giving persons outside the University your phone number, always give all seven digits of your phone number.

To Place Inside Calls:

A. Other Extensions: (including the Chicago Circle Campus)
Dial the last four digits of the telephone number. (Consult the Staff Directory.)

B. Illinois Eye and Ear Infirmary:
Dial "177" followed by the last four (4) digits of the telephone number of the party you are calling. (For information "177" + 7400)
DO NOT DIAL "9"

C. Student Residence Halls:
To reach persons living in the Student Residence Halls, dial "7010." You will reach a switchboard operator who will handle your call.

D. University of Illinois, Urbana:
Dial "174" followed by the last five (5) digits of the telephone number of the party you are calling.

E. Paging:
To place a page call, dial "6780."
TO PLACE AN EMERGENCY PAGE, DIAL "6788."

(Continued on next page)

To Place Business Calls Outside the University:

A. Local Calls (Within Area Code 312):

1. Chicago and Near Suburbs:
Dial "9" (dial tone will not stop) and dial the telephone number wanted.

2. Far Suburbs:
Dial "198" or "9." (See Area Code Directory for proper number at Page 210), and Dial number wanted.
(DO NOT DIAL AREA CODE NUMBER)

B. Long Distance (Illinois only):

1. WATS: (outside Area Code 312)
Dial "198," wait for second dial tone, Dial area code, and Dial number wanted.

Consult the Area Code Directory (Page 210) for the area code number listed for the point called. If the point to be called is not listed in the Area Code Directory:
Dial "198", wait for the second dial tone, then dial "0."

Give the Telephone Company operator the information regarding your call, and she will place it for you. WHEN THE OPERATOR ASKS FOR YOUR NUMBER, GIVE HER 088-8326.

If you do not know the telephone number at the distant point, you may dial "9," wait for the second dial tone, dial the area code and the number 555-1212. This connects you with "Information" at the distant point where you may obtain the telephone number you want. Then redial as indicated above.

(Continued on next page)

2. In an emergency, you may call points in Illinois by proceeding as described in C-1 or 2 below. The cost of all such calls will be billed to your telephone.

C. Long Distance (Outside Illinois):

1. Station-to-Station:
To call anywhere outside the state of Illinois, dial "9" (dial tone will not stop), the three digit area code, plus the telephone number. (The cost of these calls will be billed to your telephone.)

2. Person-to-Person:
Dial "9" (dial tone will not stop) plus "211." Give the long distance operator the following information:
   a. Area code of city you are calling
   b. Telephone number of person you are calling
   c. Name of person you are calling
   d. The operator will ask for your number. Give her the seven digit number of your phone.

To Place Personal Calls:
To place personal calls outside the Chicago area, proceed as stated above for "Person-to-Person" calls except that you must give your home phone number. The cost of the personal call will then be charged to your home phone. The approval of the department head must be obtained before personal calls are charged to a University phone number.

To Transfer a Call:
Only calls from outside the University can be transferred. To transfer a call, depress the phone plunger once firmly. When the operator answers, give her the number to which the call is to be transferred.

(Continued on next page)

Conference Calls:
Your telephone system has a conference arrangement that permits a conference between as many as five people. To arrange a conference, dial "7036" and give the operator the conference information. Remain on the line while she completes the arrangements. To set up a conference in conjunction with an incoming call, depress the plunger once to signal the operator and ask for the conference operator, give the conference operator the required information stating, in addition, that you have an outside party on the line.

Wrong Numbers:
If a wrong number is reached through direct dialing outside the University, your number will not be charged for the cost of the call if you immediately notify the Telephone Company. To notify the Telephone Company:

A. For Local Calls:
   1. Non-restricted stations - dial "9," then "0" for the Telephone Company operator.

   2. Stations restricted to the Chicago area - dial "0" for the University operator.

B. For Long Distance
   Dial "9," then "211" for the Telephone Company operator.

Telephone Repair Service:
Dial "0" and give the University operator the information.
